The information is adequate to begin a technical review. Our review should include analysis from the soils and biology perspective with regard to our obligation under R645-302-217.

Hello Priscilla,

We received the aforementioned task on 1/21/09. The IR is due on 2/05.

Please notify me, cc to Jim and Daron, when the IR is complete. At that point, I will send an email notification to the operator and Jim will assign a team to review.

Thanks!
Suzanne
